Subject Index to Volume 16

(E) = Editorial; (LE) = Letters to the Editor

- Absorption, calcium and phosphorus, detection of changes in, 292
- Abstracts, American Society for Clinical Nutrition, 5th Annual Meeting, 380
- Adipose tissue
- fatty acid pattern of lipids in, after serum cholesterol-lowering diet, 243
 - tocopherol content of, 347
- Adolescents, obese, glucose and free fatty acid metabolism in, 256
- Alcoholic, liver disease of, B-complex vitamins in, 339
- Aldosterone binding in kwashiorkor, 360
- Alimentary lipemia, heparin pretreatment in, 412
- American Society for Clinical Nutrition
- abstracts of papers, 5th annual meeting, 381
 - Presidential address, 517
 - program of 5th annual meeting, 380
- Amino acid metabolism, effects of dietary fat upon, 232
- Amino acid requirements of older men, 225, 229
- effects of methionine and lysine on, 229
 - effects of nitrogen supplements on, 225
- Amino acid supplementation
- of cereal grains as related to world food supply, 315
 - of protein concentrates as related to world protein supply, 321
- Anemia
- iron deficiency, effects of various forms of iron on, 464
 - megaloblastic, glutathione in, 299
 - pernicious, multiple Schilling tests in patients with, 402
- Antarctica, influence of seasonal variation, diet and physical activity on serum lipids of young men in, 428
- Arginine, serum concentrations in kwashiorkor and marasmus, 436
- ASCN News, 224, 380, 517
- B-complex vitamins in liver disease of alcoholic, 339
- Bile acid sequestrant, utilization of fat-soluble vitamins by rats and chicks fed, 309
- Bile and endogenous fecal calcium, 281
- Biliary excretion of fat components, 146
- Blood
- coagulation in schizophrenic patients, effects of multiple fat infusions on, 156
 - folate activity in, 356
- Body fatness, measurement of, 417
- Body protein reserves, labile and over-all, 445
- Bone calcification
- see Osteoporosis
- Book reviews
- 1964 Statistical Abstract of the United States, 296
 - Jolliffe, N. *Reduce and Stay Reduced on the Prudent Diet*, 278
 - PHS Publication No. 1000-Series 10-No. 13. *Vital and Health Statistics. Current Estimates from the Health Interview Survey*, 278
 - Research Activities of the National Institute of Mental Health. *Public Health Service Publication No. 1291*, 454
 - Wohl, M. G. and Goodhart, R. S. *Modern Nutrition in Health and Disease*, 396
- Breast milk, folate levels in, 356
- C**¹⁴-tripalmitin metabolism 97
- Calcium
- absorption, detection of changes in, 292
 - deficiency and osteoporosis, 327
 - endogenous fecal, in man, 281
 - intake, effect on cortisone-induced osteoporosis, 287
- Calorie availability and consumption in U.S., 374
- Carbohydrates, dietary, lipid response of young women to, 458
- Cereal grains, amino acid supplementation of, 315
- Children
- Guatemalan Indian, effect of dietary cholesterol upon serum lipids of, 304
 - malnourished, deaths among 351
- Cholesterol
- acetate, intestinal hydrolysis of, 252
 - dietary, effect upon serum lipids in Guatemalan Indian children, 304
 - metabolism, 252
 - serum
 - levels, relationship of nutrient intake and exercise to, 238
 - lowering diet, effect on depot fat, 243
- Cholestyramine, effects on utilization of fat-soluble vitamins, 309
- Choline, effects on hepatic ultrastructural changes, 88
- Chylomicrons
- effect of Triton WR-1339 on, 135
 - synthetic, changes after intravenous infusion, 141
- Coronary heart disease
- effect of special diet on incidence of, 243
 - nutritional management in, 480
- Cortisone-induced osteoporosis, effect of calcium intake on, 287
- Cow's milk, folate levels in, 356
- Creatine, serum concentrations in kwashiorkor and marasmus, 436

- Creatinine metabolism in kwashiorkor and marasmus, 436
- D**eaths among malnourished children, 351
- Diabetic foods, 440
- Diet
- seasonal variation and physical activity, effect on serum lipids, 428
 - serum cholesterol-lowering, effect on composition of depot fat, 243
- Dietary carbohydrates, lipid response of young women to, 458
- Dietary cholesterol, effect upon serum lipids in Guatemalan Indian children, 304
- Dietary cholestyramine, effect on vitamin utilization and absorption, 309
- Dietary requirements of methionine and lysine in older men, 229
- Dietary fat, effects upon steroid and amino acid metabolism, 232
- Dietary food supplements, 443
- Dietetic foods, 440
- Diet
- cholesterol-lowering, effect on depot fat, 243
 - plans at various caloric levels, 270
- Diets
- fat-controlled, 270
 - proportioned fat, for clinical use, 480
- E**ditorial
- Bearing of ethnic and regional factors on interpretation of clinical laboratory data, 399
- Emulsions, intravenous fat
- see Fat emulsions, intravenous
- Energy metabolism during hyperalimentation with intravenous fat, 182
- Environment
- effect on serum protein fraction levels, 492
 - influence on serum lipids, 428
- Epinephrine, lipolytic action of, effects of triiodothyronine and thyroxin on, 363
- Erythrocyte lipids, changes during short-term administration of intravenous fat emulsions, 165
- Erythrocyte glutamic-pyruvic transaminase activity in man (LE), 337
- Erythrocyte-reduced glutathione in megaloblastic anemia, 299
- Ethnic factor
- in osteoporosis, 327
 - bearing on interpretation of clinical laboratory data (E), 399
- Exercise and nutrient intake, relation to serum cholesterol levels in white men, 238
- F**at
- administration, hepatic changes associated with, 88
 - components, biliary excretion of, 146
 - dietary, effects of, 232
- Fat
- controlled diets, 270
 - diets, proportioned, for clinical use, 480
 - emulsion, intravenous
 - analysis and components, 4
 - biliary excretion of components, 146
 - changes in plasma and erythrocyte lipids during short-term administration of, 165
 - effect of orally administered fat on utilization, 123
 - effect on plasma and lipids, 165
 - effects of single infusions, 75, 80
 - effects on blood coagulation, liver function and urinary steroid excretion, 156
 - hemodynamic changes following infusion of, 68
 - flocculation of, 129
 - oils for use in, 16
 - studies on, 23, 97
 - transparent and concentrated, 23
 - symposium on, 1-223
 - toxicity testing of, 29, 37, 43, 62
 - depot, effect of serum cholesterol-lowering diet on, 243
 - dietary, effects upon steroid and amino acid metabolism, 232
 - hyperalimentation with, nutrient and energy metabolism during, 182
 - infusions
 - characterization of serum lipids after, 173
 - hemodynamic changes after, 68
 - multiple, effects of, 156
 - oral, effect on utilization of intravenous fat, 123
 - responses to long-term administration of, 80
 - soluble vitamins, utilization by rats and chicks fed cholestyramine, 309
 - Fatness, body, measurement of, 417
- Fatty acid metabolism
- free, in obese adolescents, 256
 - polyunsaturated, muscular dystrophy and (LE), 453
- Fatty acid pattern in adipose tissue lipids following serum cholesterol-lowering diet, 243
- Fecal calcium in man, 281
- Fecal excretion of lipids before, during and after hyperalimentation with intravenous fat, 213
- Flocculation of intravenous fat emulsions, 129
- Folates in breast fed infants and their mothers, 356
- Folic acid supplementation, effect on tests of folate and vitamin B₁₂ nutrition in pregnancy, 472
- Food
- iron, nutritive value of, 464
 - lists for patients with coronary heart disease, 480
- Foods
- diabetic, 440
 - dietetic, 440
 - low calorie, 440
 - sodium-restricted, 440

reserves, body, labile and over-all, 445

Pyruvic-glutamic transaminase activity in man (LE), 337

Racial factor in osteoporosis, 327

Ratios, use of, to determine changes in absorption of calcium and phosphorus, 292

Regional factors, bearing on interpretation of clinical laboratory data (E), 399

Schilling test as diagnostic tool, 402

Schizophrenic patients, effects of multiple fat infusions on blood coagulation, liver function and urinary steroid excretion, 156

Seasonal variation, influence on serum lipids in young men in Antarctica, 428

Skeletal measurements in determining body fatness, 417

Skinfold thickness as measurement of body fatness, 417

Sodium-restricted foods, 440

Steroid metabolism, effects of dietary fat upon, 232

Steroids, urinary excretion of, effects of multiple fat infusions on, 156

Symposium on intravenous fat emulsions, 1-223

Acute studies with single infusions of fat emulsions in dogs, 75

Analysis of intravenous fat emulsions and components, 4

Biliary excretion of components of intravenous fat emulsions by the rat, 146

Changes in composition of synthetic chylomicrons after intravenous infusion in man, 141

Changes in plasma and erythrocyte lipids during short-term administration of intravenous fat emulsion and its subfractions, 165

Characterized oils for use in intravenous emulsions, 16

Characterization of lipids of human serum following intravenous fat infusion, 173

Effect of orally administered fat on utilization of intravenous fat emulsions, 123

Effects of choline on hepatic ultrastructural changes associated with intravenous administration of fat, 88

Effects of multiple infusions of a fat emulsion on blood coagulation, liver function and urinary excretion of steroids in schizophrenic patients, 156

Fate of chylomicrons in rats treated with Triton WR-1339, 135

Fecal excretion of lipids before, during and after hyperalimentation with fat administered intravenously, 213

Flocculation of intravenous fat emulsions, 129

Hematologic studies in patients receiving multiple infusions of Lipomul I.V., 151

Lipid metabolism in the ex vivo perfused liver, 116

Long-term intravenous administration of fat emulsions in dogs and single infusions in man, 80

Nutrient and energy metabolism in patients with and without cancer during hyperalimentation with fat administered intravenously, 182

Preface, 1

Some characteristics of the disappearance from serum of intravenously infused triglyceride in man, 101

Studies on a transparent and concentrated fat emulsion for intravenous use, 23

Studies with fat emulsions; metabolism of intravenously administered C¹⁴-tripalmitin, 97

Testing of fat emulsions for toxicity; toxicity studies with new fat emulsions and emulsion components, 43

Toxicity testing of fat emulsions; ultrastructural

- changes in the liver following administration of a new intravenous fat emulsion (Intralipid), 37
- T**hyroid hormones, effects on lipolytic action of epinephrine in obesity, 363
- Thyroxin, effects on lipolytic action of epinephrine in obesity, 363
- Tocopherol content of human adipose tissue, 347
- Toxicity testing of fat emulsions, 29, 37, 43, 62
- Triglyceride, intravenously infused, disappearance of, 101
- Triiodothyronine, effects on lipolytic action of epinephrine in obesity, 363
- Triton WR-1339, fate of chylomicrons in rats treated with, 135
- U**rinary steroid excretion in schizophrenic patients, effects of multiple fat infusions on, 156
- V**itamin A
 effects of prolonged ingestion of, 455
 studies with cholestyramine, 309
- Vitamin B deficiency and hypovitaminemia, 339
- Vitamin B₁₂
 effect of flushing doses on Schilling test results, 402
 nutrition in pregnancy, effects of folic acid and vitamin B₁₂ supplements on, 472
- Vitamin E content of adipose tissue, 347
- Vitamin K studies with cholestyramine, 309
- Vitamin utilization and absorption, effect of dietary cholestyramine on, 309
- V**itamins
 B-complex, in liver disease of alcoholic, 339
 effects of cholestyramine on utilization of, 309
- W**eight, relative, as measurement of body fatness, 417
- World food supply, amino acid supplementation as related to, 315, 321

Some preliminary biochemical findings in junior high school children in Syracuse and Onondaga County, New York, 218
Some preliminary findings on the nutritional status of the aged in Onondaga county, New York, 240
Vitamin excretion studies in starving obese subjects; some possible interpretations for vitamin nutriture, 272
Syracuse, New York, nutritional status of junior high school children in, 218
- T**eenagers
 biochemical findings in, 200, 211, 218
 in Burlington, Vermont, nutrition survey of, 211
 in Iowa, nutrition survey of, 200
 nutritional status of, 200, 211, 218
- Teroperin, fate of administered, 88
Tocopherol
 alpha, content in foods, 1
 levels in man, 351
 stability in cooking oils and fried foods, 1
 supplements, effect on tocopherol levels of adipose tissue and plasma, 357
- U**rine excretion of ascorbic acid in preadolescent children, 78
Urinary nitrogen in kwashiorkor, 36
- V**aline, effect of test doses on plasma amino acid levels, 317
Vegetarian diets, nitrogen and energy balance in men consuming, 367
Vitamin A
 deficiency and xerophthalmia, 117
 deficient diet, effects of, 131
 influence on colostrum and milk, 139
Vitamin B₁₂ and macrocytic anemia in kwashiorkor, 27
Vitamin E
 hematologic studies in children with low levels of, 158
 role in macrocytic anemia of kwashiorkor, 27
Vitamin excretion studies and vitamin nutriture in starving obese subjects, 272
- W**heat sensitivity in celiac disease, 51
- X**erophthalmia in Jordan, 117
- Z**inc
 levels, plasma, in kwashiorkor, 15
 metabolism and chronic alcoholism, 57

Contents of Volume 17

July

Alpha-Tocopherol Content of Foods	{ R. H. Bunnell J. Keating A. Quaresimo G. K. Parman } 1
Serum Amino Acids of Children on High and Low Protein Intakes	{ Thomas Roy Ittyerah Sheila M. Pereira Mary E. Dumm } 11
Kwashiorkor in Egypt. I. Clinical and Biochemical Studies, with Special Reference to Plasma Zinc and Serum Lactic Dehydrogenase	{ Harold H. Sandstead A. Safwat Shukry Ananda S. Prasad Mamdouh K. Gabr Anisa El Hifney Nawal Mokhtar William J. Darby } 15
Kwashiorkor in Egypt. II. Hematologic Aspects (the Occurrence of a Macrocytic Anemia Associated with Low Serum Vitamin E and a Wide Range of Serum Vitamin B ₁₂ Levels)	{ Harold H. Sandstead Mamdouh K. Gabr Samir Azzam A. Safwat Shukry Robert J. Weiler Olfat Mohy El Din Nawal Mokhtar Ananda S. Prasad Anisa El Hifney William J. Darby } 27
Daily Urinary Nitrogen Partition and Balance in Infants with Kwashiorkor	{ Harold E. Schendel John D. L. Hansen } 36
Some Considerations of Celiac Disease	{ H. A. Weijers J. H. van de Kamer } 51
Reviews of Recent Books	55

August

Zinc Metabolism and Chronic Alcoholism	{ James F. Sullivan Hal G. Lankford } 57
Malabsorption Following Massive Intestinal Resection	{ Ellen Scheiner Maurice E. Shils Parker Vanamee } 64
Nature and Availability of Iodine in Fish	{ Michael T. Harrison Sheena McFarlane Ronald McG. Harden Edward Wayne } 73
Metabolic Patterns in Preadolescent Children. XV. Ascorbic Acid Intake, Urinary Excretion and Serum Concentration	{ S. J. Ritchey } 78

Contents

iii

Serum Lipids of Men Fed Diets Differing in Protein Quality and Linoleic Acid Content	<i>Ada Marie Campbell</i> <i>Marian E. Swendseid</i> <i>Wendell H. Griffith</i> <i>Stewart G. Tuttle</i>	83
The Fate of Orally and Parenterally Administered Folates	<i>Herman Baker</i> <i>Oscar Frank</i> <i>Susan Feingold</i> <i>Herman Ziffer</i> <i>Rosemary A. Gellene</i> <i>Carroll M. Levy</i> <i>Harry Sobotka</i>	88
Macrocytosis and Diet. A Possible Relationship to Poultry Consumption	<i>J. H. Abramson</i> <i>S. L. Kark</i> <i>K. Guggenheim</i> <i>P. H. Sive</i>	96
The Medical Significance of Cyanogen in Plant Foodstuffs	<i>R. D. Montgomery</i>	103
Nutrition News		114

September

Introduction to Papers from the Institute of Nutrition Sciences and the American University of Beirut	<i>W. H. Sebrell, Jr.</i>	115
Xerophthalmia in Jordan	<i>D. S. McLaren</i> <i>E. Shirajian</i> <i>Marie Tchalian</i> <i>G. Khoury</i>	117
Biochemical and Hematologic Changes in the Vitamin A-Deficient Rats	<i>D. S. McLaren</i> <i>Marie Tchalian</i> <i>Z. A. Ajans</i>	131
Influence of Vitamin A on Human Colostrum and Early Milk	<i>Z. A. Ajans</i> <i>A. Sarraf</i> <i>M. Husbands</i>	139
Protein-Rich Food Mixtures for Feeding Infants and Preschool Children in the Middle East. I. Development and Evaluation of Laubina Mixtures	<i>R. I. Tannous</i> <i>J. W. Cowan</i> <i>R. J. Asfour</i> <i>Z. I. Sabry</i>	143
Protein-Rich Food Mixtures for Feeding Infants and Young Children in the Middle East. II. Preliminary Clinical Evaluation with Laubina Mixtures	<i>R. Y. Asfour</i> <i>R. I. Tannous</i> <i>Z. I. Sabry</i> <i>J. W. Cowan</i>	148
Plasma Amino Acids and the Detection of Protein-Calorie Malnutrition	<i>D. S. McLaren</i> <i>W. W. Kamel</i> <i>N. Ayyoub</i>	152
Hematologic Studies in Undernourished Children with Low Serum Vitamin E Levels	<i>R. Y. Asfour</i> <i>S. Firzli</i>	158

Some Further Observations on Goiter in Lebanon	<i>J. W. Cowan</i> <i>S. S. Najjar</i> <i>Z. I. Sabry</i> <i>R. I. Tannous</i> <i>F. S. Simaan</i>	164
Composition of Human Adipose Tissue, with Special Reference to Site and Age Differences	<i>D. S. McLaren</i> <i>Z. A. Ajans</i> <i>Z. Awdeh</i>	
Human Milk Lipids. I. Changes in Fatty Acid Composition of Early Colostrum	<i>W. W. C. Read</i> <i>A. Sarrif</i>	177
Human Milk Lipids. II. The Influence of Dietary Carbohydrates and Fat on the Fatty Acids of Mature Milk. A Study in Four Ethnic Groups	<i>W. W. C. Read</i> <i>Phyllis G. Lutz</i> <i>Anahid Tashjian</i>	180
Human Milk Lipids. III. Short-Term Effects of Dietary Carbohydrate and Fat	<i>W. W. C. Read</i> <i>Phyllis G. Lutz</i> <i>Anahid Tashjian</i>	184
Nutrition News		188

October

Foreword to Symposium on Some Findings and Observations on the Nutritional Status of Residents of the U.S.A.	<i>Robert S. Goodhart</i>	189
The Interpretation of Nutrition Survey Data	<i>W. A. Krehl</i> <i>Robert E. Hedges</i>	
Nutritional Status of Teenagers in Iowa	<i>Robert E. Hedges</i> <i>W. A. Krehl</i>	200
Some Biochemical Findings in Burlington (Vt.) Junior High School Children	<i>Ellen H. Morse</i> <i>Susan B. Merrow</i> <i>Robert F. Clarke</i>	211
Some Preliminary Biochemical Findings in Junior High School Children in Syracuse and Onondaga County, New York	<i>Marjorie V. Dibble</i> <i>Myron Brin</i> <i>Elsa McMullen</i> <i>Annette Peel</i> <i>Nancy Chen</i>	218
Some Preliminary Findings on the Nutritional Status of the Aged in Onondaga County, New York	<i>Myron Brin</i> <i>Marjorie V. Dibble</i> <i>Annette Peel</i> <i>Elsa McMullen</i> <i>Anne Bourquin</i> <i>Nancy Chen</i> <i>with the technical assistance of</i> <i>Sylvia Braddon</i> <i>Mariba Rogers</i> <i>Norma Van Buren</i> <i>Dorcas Holden</i>	240

Contents

v

Incidence and Significance of Hypovitaminemia in a Randomly Selected Municipal Hospital Population	Carroll M. Leavy Louis Cardi Oscar Frank Rosemary Gellene Herman Baker	259
Vitamin Excretion Studies in Starving Obese Subjects. Some Possible Interpretations for Vitamin Nutriture	Marian E. Swendseid Geraldine Schick Elizabeth Vinyard Ernest J. Drenick	272

November

Fatty Acid Composition of the Small Bowel Mucosa in Man	Robert J. Bolt Edward A. Napier, Jr. Kathryn E. Howell H. Marvin Pollard	278
Quantitative Effects of Dietary Fat on Serum Cholesterol in Man	D. M. Hegsted R. N. McGandy M. L. Myers F. J. Stare	281
Influence of the Nature of the Fat in Diets High in Carbohydrate (Mainly Derived from Bread) on the Serum Cholesterol . . .	J. J. Groen M. Balogh E. Yaron J. Freeman	296
Nutritional Status of People in Isolated Areas of Puerto Rico. Survey of Barrio Mavilla, Vega Alta, Puerto Rico	Nelson A. Fernández José C. Burgos Irvin C. Plough Lydia J. Roberts Conrado F. Asenjo	305
The Effect of Test Doses of Leucine, Isoleucine or Valine on Plasma Amino Acid Levels. The Unique Effect of Leucine . . .	Marian E. Swendseid Juanita Villalobos William S. Figueroa Ernst J. Drenick	317
Iron Metabolism in Premature Infants. III. Utilization of Iron as Related to Growth in Infants with Low Birth Weight . . .	Martin K. Gorten	322
The Role of Carbohydrates in Lipid Metabolism	Robert E. Hodges W. A. Krehl	334
ASCN News: Dr. Robert E. Olson. Recipient of First Annual McCollum Award	347	
Nutrition News	350	

December

Plasma Tocopherol Levels in Man	David C. Herting Emma-Jane E. Drury	351
---	--	-----

Contents

Effect of Supplementing the Diet of Man with Tocopherol on the Tocopherol Levels of Adipose Tissue and Plasma	<i>V. McMasters</i> <i>J. K. Lewis</i> <i>L. W. Kinsell</i> <i>J. Van Der Veen</i> <i>H. S. Olcott</i>	357
Evaluation of Nitrogen Balance of Young Women Fed Amino Acids Proportioned as in the FAO Provisional Pattern and as in Egg, Oats, Milk and Peanuts	<i>Helen G. Oldham</i> <i>Frank N. Dickinson</i>	
Observations on Nitrogen and Energy Balance in Young Men Consuming Vegetarian Diets	<i>Margaret D. Doyle</i> <i>Lura M. Morse</i> <i>Jean S. Gowan</i> <i>Mary R. Parsons</i>	367
Relationship Between Free and Total Cholesterol Values in Human Serum	<i>P. J. Leonard</i> <i>A. G. Shaper</i> <i>K. W. Jones</i>	377
Epidemiologic Study of Hypertension. Comparative Results of Hypertensive Surveys in Two Areas in Northern Japan	<i>Takeshi Kimura</i> <i>Minoru Ota</i>	381
Geiger Memorial Lecture. Food as a Regulator of Metabolism	<i>Wendell H. Griffith</i>	391
Practical Guide and Dietary Management of Children with Seizures Using the Ketogenic Diet	<i>E. Marion Mike</i>	399
